## The Story Behind Coffee Stories

Coffee Stories was born from the idea to be a welcoming space for those in our local community and beyond to gather over a good cup of coffee and a beautiful hearty meal. We take our love and passion for food and coffee serious. Most of what you can see in our menu are made from our own trailed and tested recipes from scratch with ridiculous attention to detail. Our menu is not to be restricted by border or cuisines. So you can expect your quintessential brekkies as well as a selection of our own creation which offers you a taste of something new yet familiar.
